**RESOLUTIONS/PRESENTATIONS:**

Department of Airports Matters:

**Presentation on the results of the Airport Management Study conducted by the Louis Berger Group.** Steve Baldwin, Louis Berger Group, presented the results of the study. A copy of the report was distributed to Council. **Mr. Foxworth moved to accept the report as given and refer it to the Administration Committee for implementation, seconded by Mr. Grabowski. The motion passed. The vote was as follows:**

<u>In favor</u>		<u>Opposed</u>	<u>Absent</u>
Worley	Frazier		Boyd
Lazarus	Schwartzkopf		
Foxworth	Prince		
Ryan	Hardee		
Barnard	Gilland		
Grabowski			

**Resolution R-58-06** authorizing the administrator and his designated staff members to initiate contract negotiations with Corporate Wings for the operation of the Myrtle Beach Int'l Airport fixed base operations. **Mr. Prince moved to approve, seconded by Mr. Grabowski. (A voice vote was in progress when Mr. Barnard interrupted to ask a question. The Chairman allowed discussion and discontinued the vote.)**

Mr. Barnard asked if the Airport Advisory Committee and the Administration Committee had reviewed the report. Ms. Wright stated it had been presented to the Administration Committee. Mr. Weaver said he thought it would be appropriate to utilize the Louis Berger Group in the negotiations for the privatization of the FBO. He believed the Administration Committee decided to send the privatization issue of the FBO to full Council but to not include the Louis Berger Group's participation in the contract negotiations. The resolution stated the Administrator and his designated staff would begin contract negotiations with Corporate Wings and if the Administrator felt the need to utilize the Louis Berger Group, then he would seek input from the Administration Committee before doing so.

Mr. Barnard asked about the suggestion to consider offering more than one FBO. Mr. Baldwin stated the recommendation was that during negotiations, caution should be taken so as to not preclude themselves from the ability to bring on additional FBO services in the future, and as they planned the airport facility that they leave room for a second FBO.

Mr. Barnard asked about the fuel farm problem. Mr. Baldwin stated the solution would depend on whether the airport wanted to continue the FBO business on the commercial side. He suggested the County look into the matter in more detail and bring it to some conclusion.

Mr. Lazarus asked why suppliers and airlines had not been included in the interview process. Mr. Baldwin responded there were limited resources and Louis Berger had relationships with some of the people that Mr. Lazarus had asked them to interview.

**Mr. Foxworth moved to send Resolution R-58-06 to the Administration Committee, seconded by Mr. Lazarus. Mr. Barnard moved to amend to ask the Administration Committee to decide if the Louis Berger Group should do the negotiations.**

Mr. Weaver stated the resolution, if the vote was passed, would go back to the Administration Committee for the purpose of deciding whether to recommend approval of the resolution, and reconsideration on whether the Louis Berger Group should be permitted to be a participant in the contract negotiation.

**Mr. Hardee moved to send all issues back to the Administration Committee, seconded by Mr. Schwartzkopf. The motion passed. The vote was as follows:**

<u>In favor</u>		<u>Opposed</u>	<u>Absent</u>
Worley	Frazier		Boyd
Lazarus	Schwartzkopf		
Foxworth	Prince		
Ryan	Hardee		
Barnard	Gilland

1. Elaine Wiercioch spoke in opposition.

Carol Coleman, Planning Department, spoke on the project.

Mr. Worley spoke briefly stating that he had asked the developer to cut back and he had refused. He asked Council to not support the rezoning.

Ms. Carter spoke on the project.

2. Shep Guyton, representing the developer explained their proposal. He stated that regarding the folks that lived along the old landing strip area, they were asked to not do more multi-family there but to give them some other buffer. Mr. Guyton stated they had asked that they move the amenity center to that side of the project to give them some green space which they did. They also relocated the proposed multi-family from that side to the other side and put single-family that abutted the three story units on the other side. He stated they had compromised the viability of the project because he didn't know if they could sell single-family with three-story walkups looking into a back yard but they did that as a compromise for the community. He also stated the community had asked that storm drainage problems be addressed which they were doing. They had agreed to extend sewer service so those folks would have an opportunity to tap into that. Mr. Lazarus stated that not only were they offering to reduce the units to 800, they were also going to run the sewer and a road all the way through that would connect to Hwy. 111. They were doing a traffic study now for the front portion of the property to include any upgrades, and had also offered that they would, on a per unit basis, offer some dollars similar to Bay Tree that would be used for the area surrounding Cypress Bay for Stormwater, recreation, and other purposes for a public benefit. Mr. Guyton stated they were willing to participate at the same level that Bay Tree did, which was \$1,000 per unit at the time of the permitting.

**Mr. Lazarus moved to amend to accept the proposed reduction to 800 units as proposed by Mr. Guyton and to accept the \$1,000 per unit as stated by the developer, seconded by Mr. Schwartzkopf.**

3. Pam Creech spoke in opposition.

**The motion to amend passed. The vote was as follows:**
