

Please be advised that as of **April 17th, 2023**, we **no longer accept spay/neuter applications for miniature, toy, or brachiocephalic breeds**, as they pose a higher anesthetic risk. Our procedures do not include intravenous fluids, pre-operative blood work, blood pressure monitoring, or follow up care. Due to the higher anesthetic risk and please consider seeking more individualized care at a primary veterinary clinic.

As of **January 1st, 2025**, we **no longer accept spay/neuter applications for giant/extra large breeds or canines that exceed 70 lbs**. Due to the the breed and size/weight, please consider seeking more individualized care at a primary veterinary clinic.

We *DO NOT* offer wellness visits, post operative care, or standard treatment for public animals. Please follow up with your primary veterinarian for care and treatment of your pet.
