Horry County Employee Wellness Center **Now Open**

The Horry County Employee Wellness Center is Now Open

Horry County Government is pleased to announce the addition of the Horry County Employee Wellness Center. The County is committed to the health and well-being of its employees and the new Wellness Center will be a key component in improving and maintaining our health.

Who: Center services are available to all regular full-time employees and any part-time employee who is eligible for County health insurance.

What: The following services are available:

Health risk assessments (HRAs)

Well-being coaching for disease and chronic conditions identified in HRAs

Preventative health maintenance such as vital signs, and women's health

Acute/episodic services for cold/flu, allergies, sinusitis, earache, etc.

Laboratory services

There will be no charge to employees for office visits.

Where: The center is centrally located at 128 Professional Park Drive off of Singleton Ridge Road in Conway with easy access from both Hwy 501 and Hwy 544.

When: Healthstat is the center's provider. Below are the Wellness Center's hours of operation:

Wellness Center Operating Schedule

Monday 7:00 AM - 5:00 PM

Tuesday 8:00 AM – 5:00 PM

Wednesday 8:00 AM - 5:00 PM

Thursday 8:00 AM – 5:00 PM

Friday 7:00 AM – 3:00 PM

Saturday CLOSED

Sunday CLOSED

Appointment requests are now available. In the first week, there may be fewer available appointments due to Healthstat allowing for more time with patients. However, the number of available appointments in the following weeks will increase.

Thank you for using the Horry County Employee Wellness Center.

To Schedule an Appointment

You can make an appointment by calling 843-915-5555. Please press 1 to be connected to an operator in Healthstat's office to schedule your appointment.

Once you are an established patient, you will have access to Healthstat's patient portal. On the portal you will be able to:

- Schedule appointments online
- View and download test results
- Request medication refills and referrals
- Securely communicate with the Nurse Practitioner
