

Receiving Your Onsite HRA Results

HRA results completed onsite will be mailed to the address you provided on the forms collected on the day of your appointment. Please allow approximately **3–4 weeks** after testing to receive your mailed results.

Your onsite HRA results will also be available through the **Labcorp Patient Portal**. Use the provided link or scan the QR code to access Labcorp’s login page and sign in to the patient portal. If you have not previously created a Labcorp account, you will need to do so before accessing your results. Lab results are typically available in the Labcorp portal **4–5 days** after HRA testing.
